## SUPREME COURT-SPECIAL TERM.

A Mother and Daughter Rival Contestants for the Ownership of a House on Macison

Avenue. Before Judge Barnard. Mary Elizabeth Hughes vs. Mary M. Heath and Asa H. Heath .- The plaintiff is the daughter of the defendants. The busband of the plaintiff wished to convey the house and lot No. 312 Madison avenue to her, but on consultation with the defendant it was decided to deed the property to Mrs. Heath, with the understanding that she should reconvey the same to Mrs. Hughes. The deed accordingly. as alleged, was made to Mrs. Heath, who, as further alleged, falled to reconvey to Mrs. Hughes, according to agreement, but kept putting it off, till finally she refused to convey at all, and thereupon finally she refused to convey at all, and thereupon this action was brought to compel a conveyance. The defendants set up in their answerthat at the time of conveyance Mrs. Hughes owed Mr. Heath a large sim of money, and that he was about to loan her some more, and that the conveyance of the house to Mrs. Heath was as security for anything she might then or thereafter owe him. It is stated that after the issue of the action, before the case came on for trial the defendants desired to amend their answer, and that on being permitted to do so they set up that the doed was an absolute conveyance to Mrs. heath for a debt Mrs. Hughes owed the former, giving an excuse for this amendment that the first answer was signed without reading it. Evidence on both sides was given at considerable Evidence on both sides was given at considerable length, and counsel will sum up this morning.

Decision. Strong vs. Taber.—In this case the Court held that the plaintid is not entitled to a deed nor to a specific performance, but is entitled to a decree declaring that she is interested to the extent of one-half of the proceeds of the property described in the complaint when sold. It was ordered that the property be sold under the direction of a referee to be selected by the Court, and the proceeds divided as above, and that a correct and order might be drawn providing accordingly.

# FINANCIAL AND COMMERCIAL.

The feature in commercial circles has been the firmer and more active market for cotton, which advanced in sympathy with the higher quotations in Liverpool, where the more favorable prospects of peace have produced a buoyant market. In breadstuffs flour was steady, but less active.

GOLD IRREGULAR-111% A 111%.

The gold market declined in the forenoon under the confirmatory reports of the capture of Metz and Bazaine by the Prussian army, and the price toucked 111%, the lowest point that has been attained since the outbreak of hostilities in Europe. Here the "shorts" began to purchase and a reaction to 111% ensued, the upward turn being stimulated by a better demand for cash gold late in the day. The speculative interest in the market is, however, slowly decreasing and the tone of business becoming duli. The rates for cash gold showed considerable irregularity and fluctuated between flat and % per cent for borrowing. During the morning the general figure was 2 per cent to 1-64 for the use of gold, but late loans for the Clearing House were man at 1-32 to 1/2 per cent. After three o'clock the "shorts" paid 1-64 and 6 per cent for the use of gold to morrow. The Sub-Treasury to-day paid out \$359,078 on account of November interest. The course of the market is set

MONEY FOUR TO SIX PER CENT. The money market was easy at five to six per cent early in the day, but after two o'clock large balances were leut at four per cent. The money withdrawn from the street early in the week has been entirely restored, owing to the threat of legal proceedings against the parties constituting the combination who endeavored to produce stringency. It seems that the District Attorney was consulted at the time the Canadian banks were exacting usurlous rates for their gold; but no proceedings were taken. as the latter ceased their operations. The locking up of \$2,500,000 currency the other day in one of the city banks has provoked afresh the indignation of the "bulls" in stocks, and a deputation of brokers interested in an easy money market waited upon the District Attorney to-day with charges intended to be laid before the Grand Jury. There is great consternation among the agents of a Montreal bank as to the result of these proceedings, particularly as the parties who have preferred the charges are highly influential citizens. It will be remembered that the Grand Jury has: year spared no one, but imposed fine and imprisonment where the usury was plainly proven. The Montreal bank was besieged to-day by persons who had borrowed money of it, and who returned loans and took up collaterals, fearing that in case of an injunction on the bank their securities would be placed beyond their reach for an indefinite time. The penaltics recovered in suits for infractions of the usury laws are paid to the Commissioners of Charities and

Correction. FOREIGN EXCHANGE STEADY. The steamer China, from Liverpool, with a large consignment of coupons belonging to European holders of ave-twenties, did not arrive in time to permit the cashing of the coupons at the Sub-Treasury this afternoon, and hence the corresponding re mittances cannot be made before next week. The atcamer is said to have brought about \$5,000,000 worth. The anticipated demand for exchange was thus wanting, and rates, while nominally unchanged, were less firm, with actual transactions ont of second hands at concessions of an eighth per

COVERNMENTS UNSETTLED. The government list was weak during most of the day, in response to the further decline in gold, and prices at the Board felt off about a quarter per cent. At the close there was a sudden display of strength and prices recovered, the market closing firm, whence it is conjectured that the China's mails. which were delivered in the street this afternoon, brought a large amount of orders to turn the cou-pons into bonds and send the latter bome to Europe instead of the gold. The rise is also attributable in part to the advance of the London quotation, which closed to night at 89% for the 62's. The final street prices were as follows:—United States currency sixes, 111 a 111%; do., 1881, registered, 113% a 113%; do. do., coupon, 113% a 118%: Go. five-twenties, registered, May and November, 108 a 108%; do. do., 1962, coupon, do., 112% 112%; do. do., 1864, do. do., 11136 a 11136; do. do. 1865, do. do., 111% a 111%; do. do., registered, January and July, 110 % a 116 %; do, do, 1865, cenpos, do., 110% a 110%; do. do., 1867, de. de., 110% a 110%; do. do., 1808, do. do., 110% a 110%; do. ten-ferties, registered, 166% a 166%; do. do., cou-

pon, 106% a 106%.
THE STOCK MARKET WEAK AND DECLINED. The sudden change to ease in the money market yesterday led to a rather firmer market for stocks at the beginning of business to-day, and in the early dealings in the Long Room prices improved, but the dealings were light. The session of the first board was a very dull one, and the market became neavy. in the afternoon an active decline set in, and although there was a faint reaction with the offerings of money on call at four per cent, stocks pursued their downward movement almost without interruption for the balance of the day. As a conecquence, the "bears" were in ecstacies over their victory, which has been achieved only after a terrific struggie on their part. The lines of demarcation were less defined this afternoon, for wine the "bulls" have lost numbers of descriers, who have gone over to the enemy, the "bears" are apprehensive of the defection of some of their partisans, who, using the time-honored argument that a reaction must ensue after so steady a decline, are "whole inclined and hall disposed" to join the opposite side. At the same time the street is all confusion as to the situation. While some of the "bulis" are vowing that their confrères have been treacherously selling through the professed operators for a decline, there is a shrewd suspicion that the "buils" have bired the services of the "bear" leaders in order to callst a "short" interest which shall be so widespread as to place a fresh "bud" movement on a broad and sure foundation. Puring the past week there have been chormous sales of stocks, but it is equally true that there have been enermous purchases. Such are the features of the present very interesting situation of the speculative movement at the Stock Exchange. The following were the closing prices at the last session of the Board:-Cauton Company, 67% a 68; Cumberinnet from, 40; Westara Union, 30 a 50 g; Quick-silver, 6; Mariposa, 436 a 8; do. preferred, 856 a 9; Adams Express, 6656 a 67; Weits-Fargo Express, 87 a 37%; do. scrip, 21% a 3; American Express, 83% a 44; Galted States Express, 33 a 33%; Pacitie Mail, 42% a 42%; New York Central consoll lated. 91% 2 91%; do. surip, 86% a 80/g; Eric, 22% a 22%; Harlein, 183 a 181; Reading, 02% a 90%; Michigan Central, 121; Loke Shore, 027; a 03; Union Pacific, 23% & 24%; fillnois Central, 131% a 137; Cleveland and Pittsburg, 103 a 104%; Chicago and Northwestern, 70% a 70%; do. preferred, 81% a 87%; Cleveland, Columbus, Cinemnal and Indianapolis, 81 bid; New Jersey Central, 107% a 108%; Rock Island, 110% a 110%; Milwaukee and St. Paul, 61% a 6 %; do. preferred, 80% a 80%; Toledo, Wabash and Western, 51% a 51%; do. preferred, 73% bid; Fort Wayne, 83% a 53%; Chicago and Atton, 115 a 115%; do. preferred, 116 a 117%; Ohto and Mississippi, 51% a 51%; St. Louis and Iron Mountain, 45% bid; Delaware, Lackswanna and Western, 108 a 100; Morris and Essex, vi a val4; Boston, Hartford and Eric, 3% bld; Hannibal and St. Joseph, 108 bld; do. pre-ferred, 116% a 117; Colombus, Chicago and Indiana

## CRIME IN WESTCHESTER.

Since the Court of Sessions commenced, last Monday, at White Plains, Westchester county, the Grand Jury has disposed of an unusually large amount of criminal business, the result being observable in an increased number of indictments for various crimes, Among the principal cases tried before County Judge Robert Cochran and the Justices of Sessions

Judge Robert Cochran and the Justices of Sessions were the following:

William Brooks, a colored man, todieted for the alleged perpetration of a criminal assault on a girl named Ophelia Sutton, who is about fourteen years old and of a corresponding complexion to that of the accused. At the close of the testimony on the part of the people counsel for the prisoner moved for the discharge of his cilent, on the ground that the charge against the latter had not been sustained by the evidence. The Court, entertaining a similar opinion, charged the jury accordingly, and the prisoner was acquitted.

John M. Williams was convicted of stealing a horse and wagon from a party in Mott Haven, and was sentenced to three years in the State Frison.

A somewhat notorious burglar named Edward Morgan was found guilty, and sentenced to a similar term at Sing Sing.

# HISTORY REPEATING ITSELF.

A News Item of 1815. The Canton (Ohio) Repository of August 24, 1815, published the following item of news of that day:-

PROM PRANCE—DEPEAT OF BONAPARTE—GREAT BAT-TLE IN BELGIUM—LORD WELLINGTON WITHIN TWO DAYS' MARCH OF PARIS—ABDICATION OF BONA-PARTE.

Boston, August 5, 1815.

The brig Abelline, Captain Wyer, has just arrived from France, and brings Paris papers to June 23. They contain onlicial accounts of the great overthrow of the whole French army on the 18th of June, with the loss of all its cannon, baguage and stores; the rapid flight of Bonaparte, the abdication of the throne, the choice of a previsional government of nine persons, the declaration of the Emperor, to wit:—

"Frenchmen—In commencing war to support the independence of the French nation I calculated upon the support of all. I had reason to hope for success, and I have braved all the denunciations of the Powers against me. Circumstances are changed. I offer myself a sacriace to the hatred of the enemies of France.

My political life is ended and I proclaim my son, under the title of Napoleon II., Emperor of the French. BOSTON, August 5, 1815.

under the title of Napoleon II., Emperor of the French.

Done at the palace of Elysium, the 22d of June, 1816.

BOSTON, August 5, 1816.

It appears by Wellington's official account of the battle rought at Waterloo, in Eelguum, that Bonaparte was defeated with a loss of 20,000 killed and wounded, 200 cannon and two eagles. The loss on the part of the allies is also severe.

The same paper contains Wellington's report in full.
